

WORTEN OPENS A NEW STORE IN MADEIRA

A new Worten store is being opened today, 11 December, in Estreito de Câmara de Lobos on Madeira. This new space, beside the Continente Modelo store, expects to meet the needs of the local residents, offering a variety of products with the guaranteed lowest prices on the market.

The store has 150m² of sales floor and bolsters the brand's presence in the Madeira archipelago, which now boasts five Worten stores.

The aim is to offer customers the lowest prices, high quality customer care and a specialised service that provides the best solutions in terms of technology items and services.

The store opening is going to be publicised in the store and in a promotional leaflet, which is going to stay in force until 17 December.
